Assets under management: \$500 M  
Geographical presence: Europe

### eFront Investment Café solution

MCH Private Equity is a long-standing eFront client based in Madrid. MCH complemented its current eFront solution set with the addition of eFront Investment Café which will allow MCH to streamline communication and securely share information with its investors around the world. This solution will also help reduce the administrative burden of maintaining investor contact details and distributing a variety of documents, while helping them to improve overall efficiency.

“ We have chosen eFront Investment Café based on our prior satisfactory experience with the eFront Invest solution. Maintenance of large quantities of data that require frequent updates was a struggle that eFront Investment Café has helped us overcome, by centralizing all the information into one platform.”

**Macarena Querol, MCH PE  
Chief Financial Officer**

## Key benefits

Improved overall efficiency
